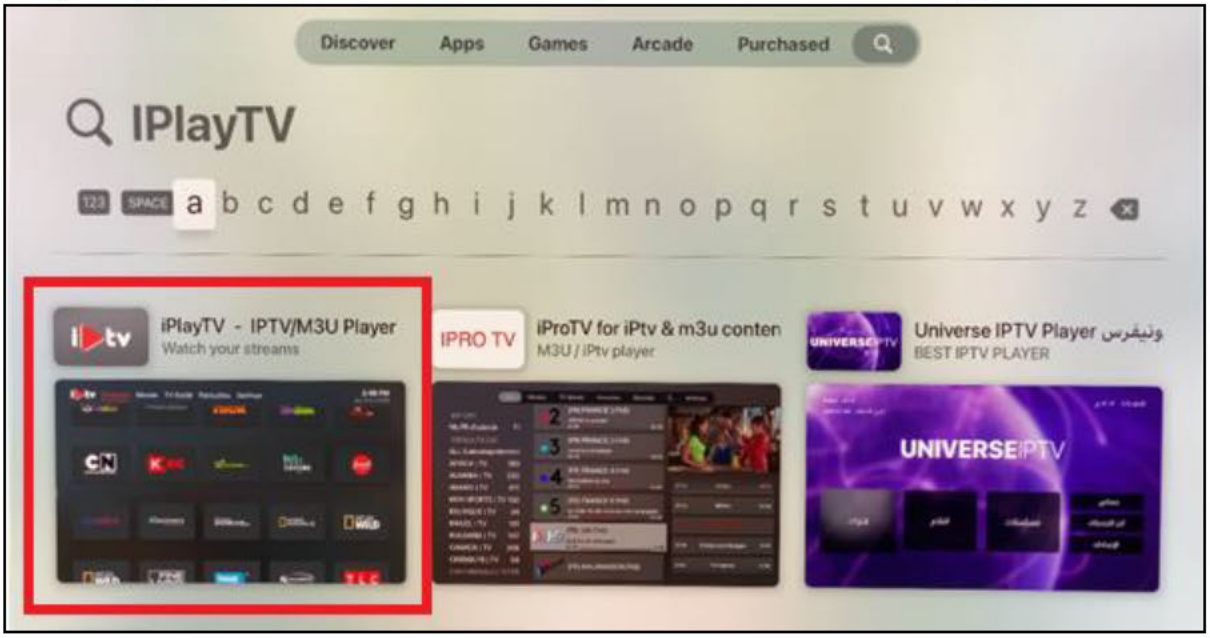
Zazy TV
Software Installation Guide for Apple TV

1 iPlayTV Installation

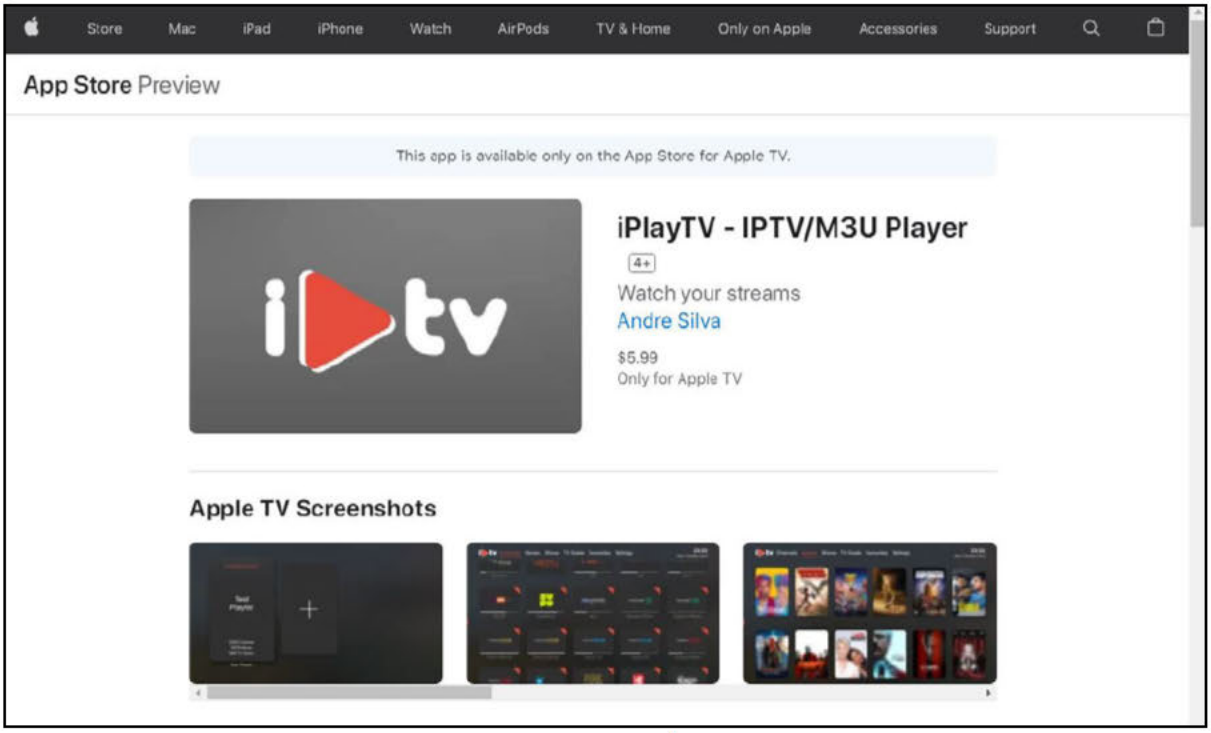
1. Turn on your Apple TV, then launch the App Store.

2. Go to the **Search** menu. Enter "**iPlayTV**" on the search bar, then hit **search**. When the iPlayTV app appears on the search result, select it then install the application.



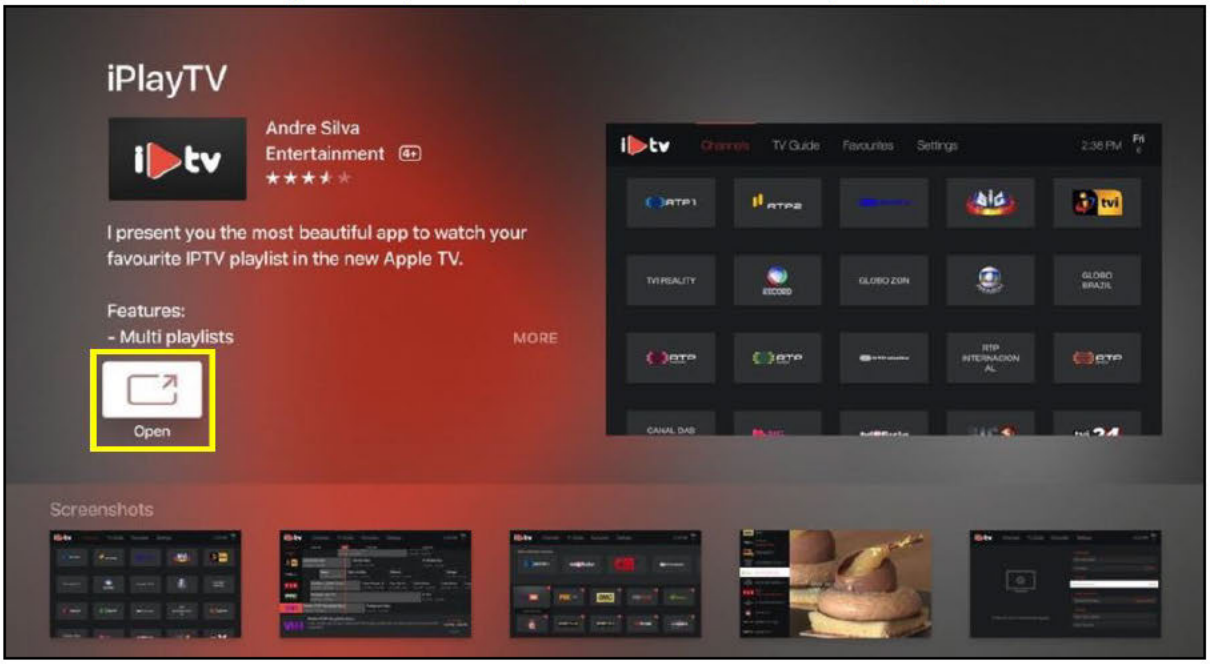
3. Alternatively, you can go to a web browser then copy and search the following link: https://apps.apple.com/app/iplaytv/id1072226801

   This will redirect you to the App Store where you can purchase and install iPlayTV on your device.

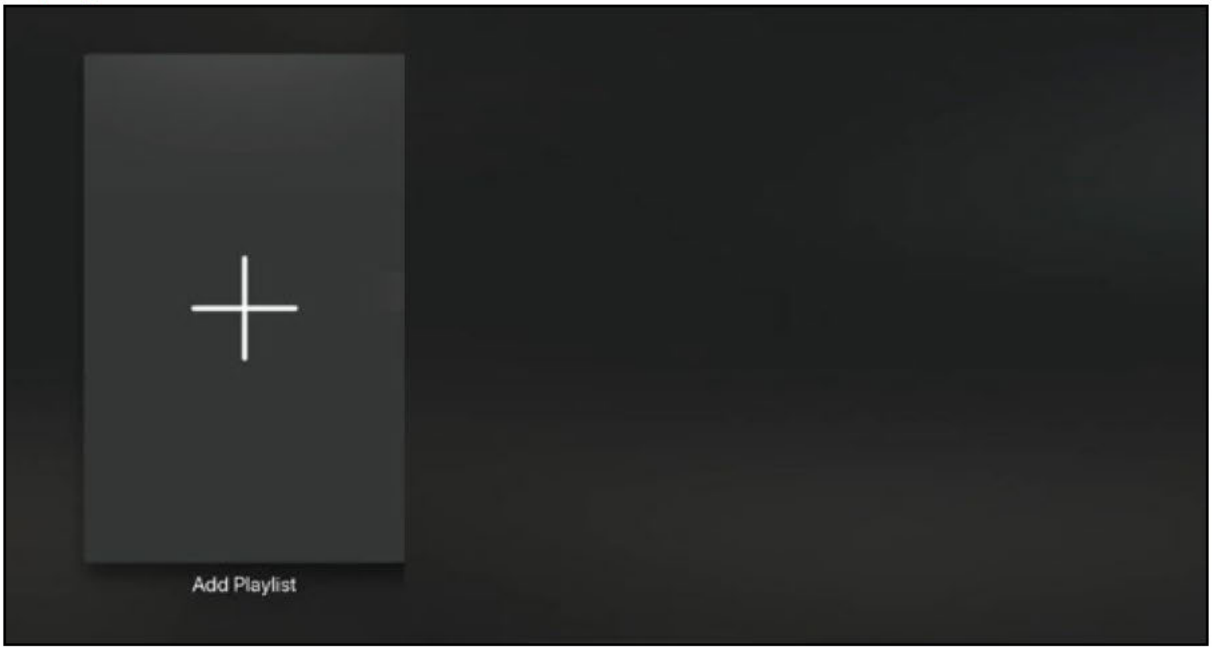


Note: As of this writing, the iPlayTV app costs $5.99. The iPlayTV app is available for Apple TV 3rd gen or above.

4. After the installation process, click **Open** to launch the iPlayTV app.

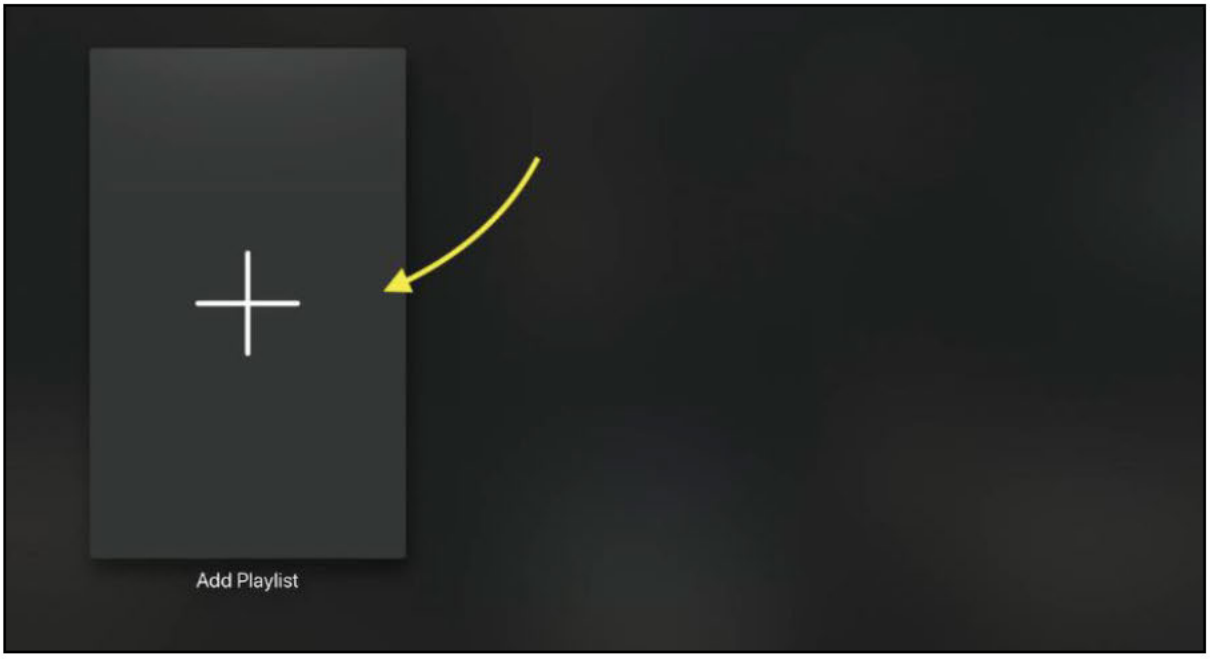


5. When you launch the app for the first time, the iPlayTV **Add Playlist** screen will be displayed.



2 Setting up IPTV Playlist

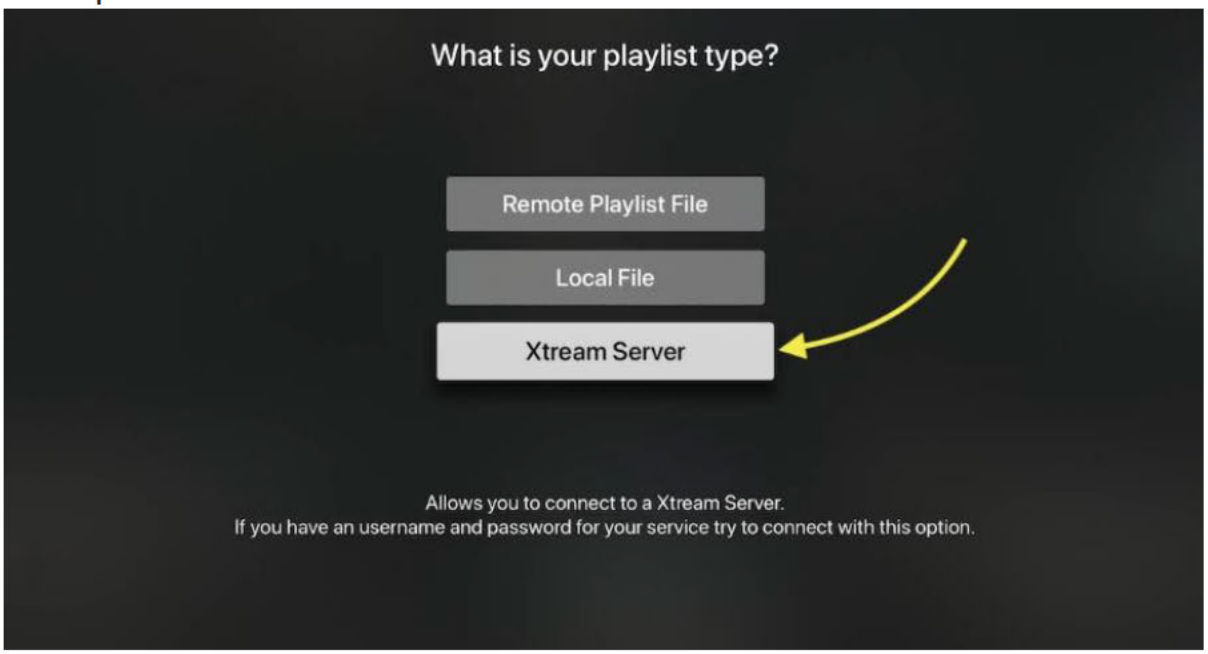
1. Click **Add Playlist** to set up your IPTV M3U playlist.



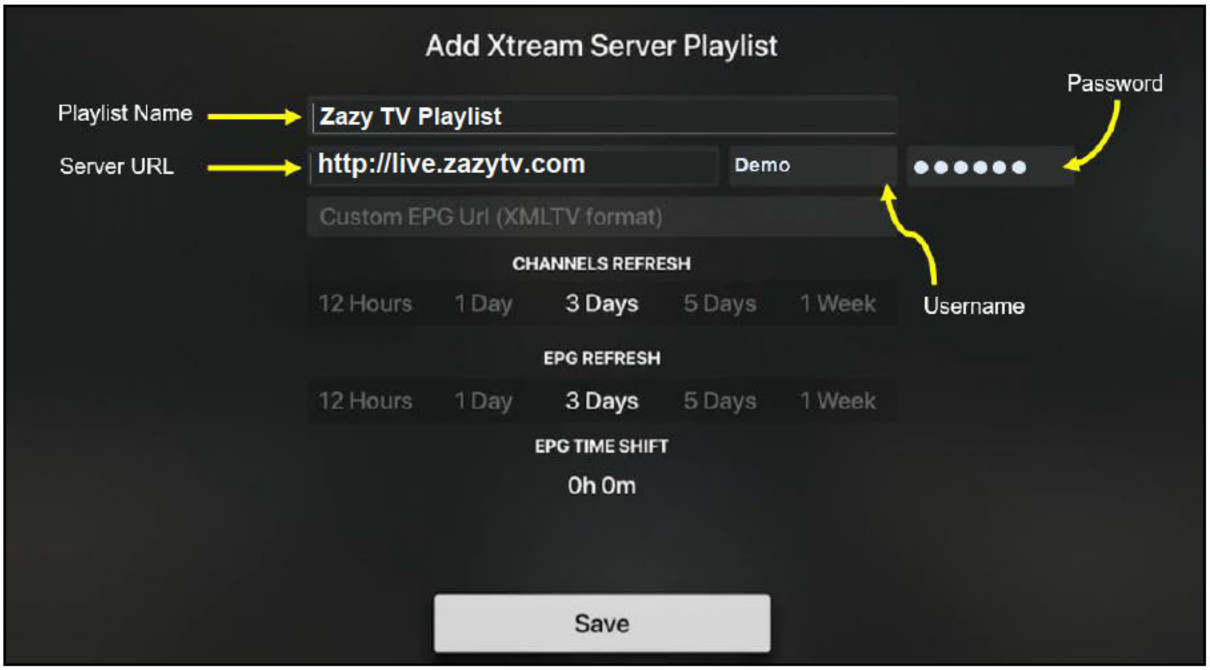
2. There are three (3) ways to add the IPTV M3U playlist:

   - Remote Playlist File – allows you to configure the M3U playlist that is hosted in a remote server
   - Local File – allows you to upload the M3U playlist to the iPlayTV app
   - Xtream Server – allows you to connect to the Xtream Server by entering the login details given to you by the Zazy TV service provider

   We highly advise you to choose **Xtream Server** playlist type as this option provides you with additional features such as Electronic Program Guide (EPG) and playlist auto-update.



5. Fill in the following fields on the iPlayTV app using the credentials provided to you via email.

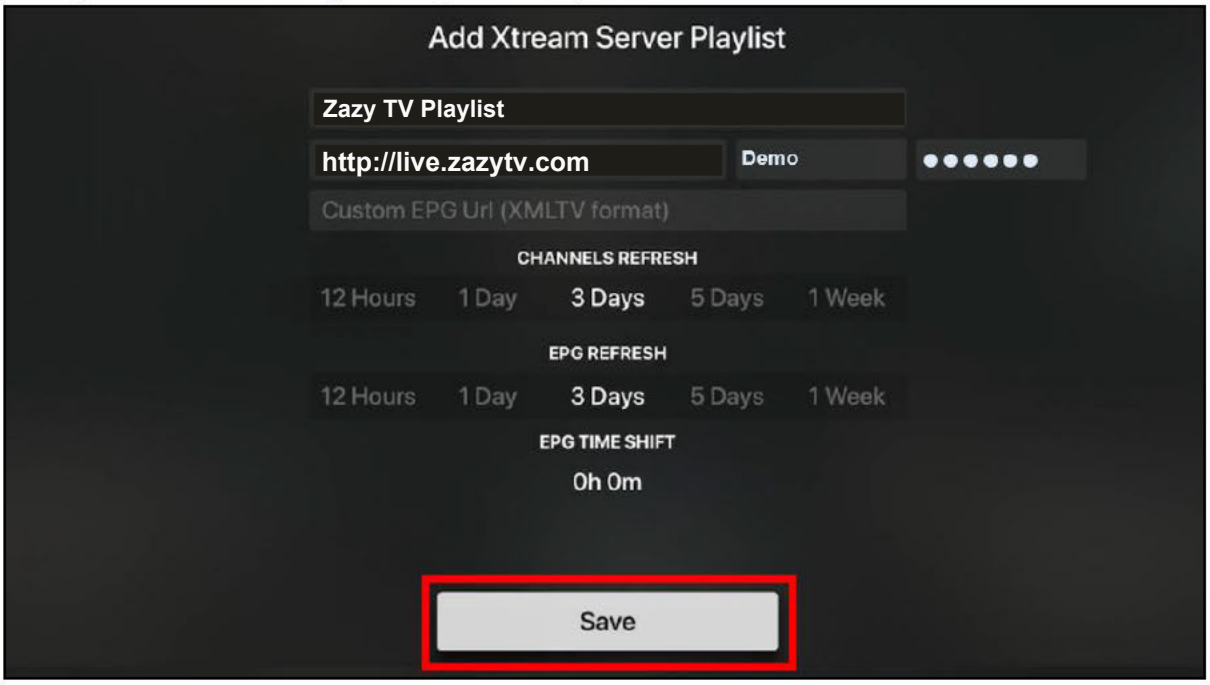


- Enter a Playlist Name (e.g., Zazy TV Playlist).
- Enter the Server URL which is “http://live.zazytv.com”.
- Enter your Username (e.g., Demo).
- Enter your password.

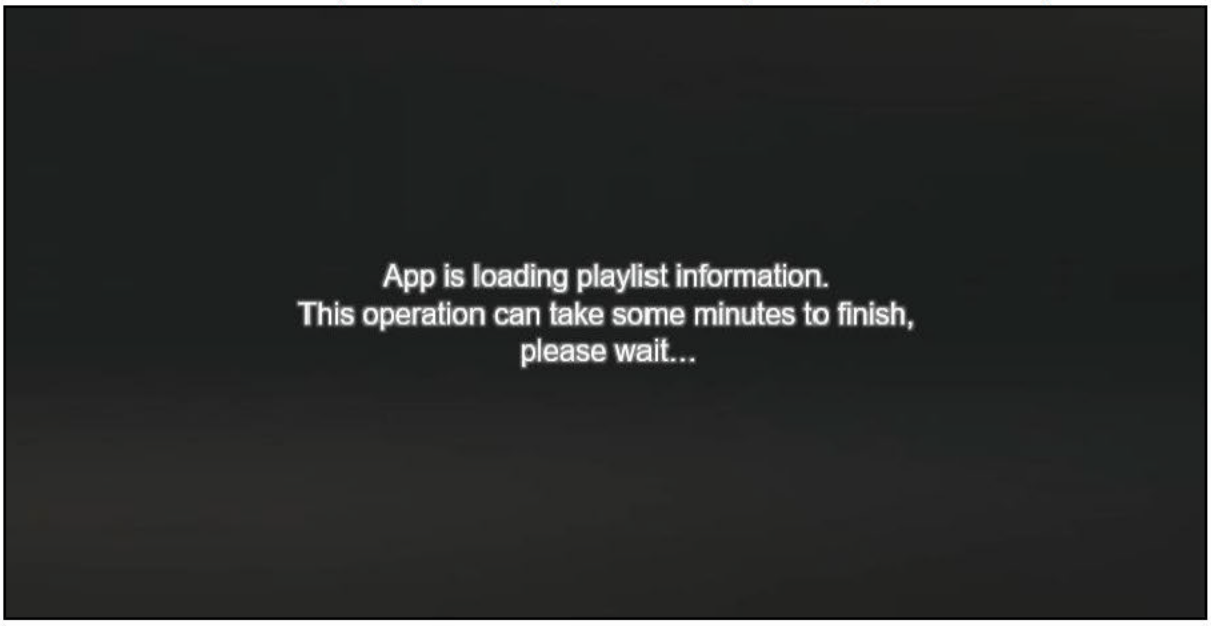
You can also choose to modify the default settings of the following options:

- Channels Refresh
- EPG Refresh
- EPG Time shift

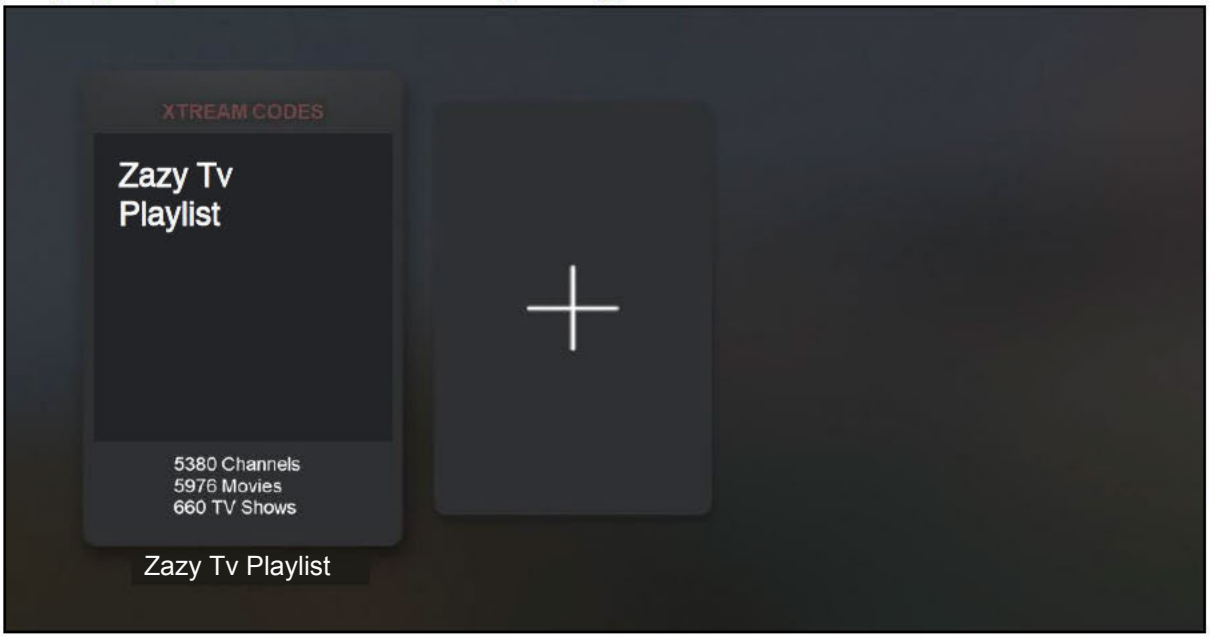
6. After you have entered your login details, click **Save** to continue.



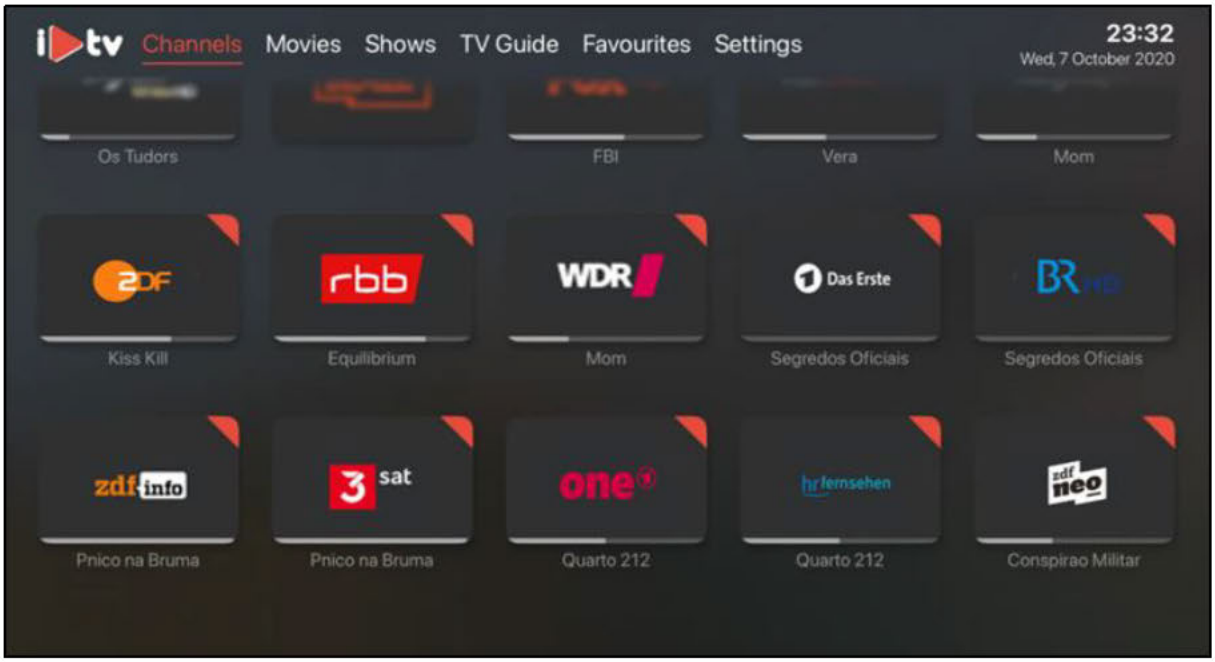
7. Wait for the application to finish downloading its components. (i.e., Channels, Movies, and Shows). This may take a little time depending on your internet connection speed and the number of bouquets you have purchased in your Zazy TV subscription.



8. When the following screen appears, this indicates that your IPTV M3U playlist is created successfully. The number of Channels, Movies and TV Shows are also displayed. Select the playlist you created to start using the app.



3 iPlayTV Main Menu

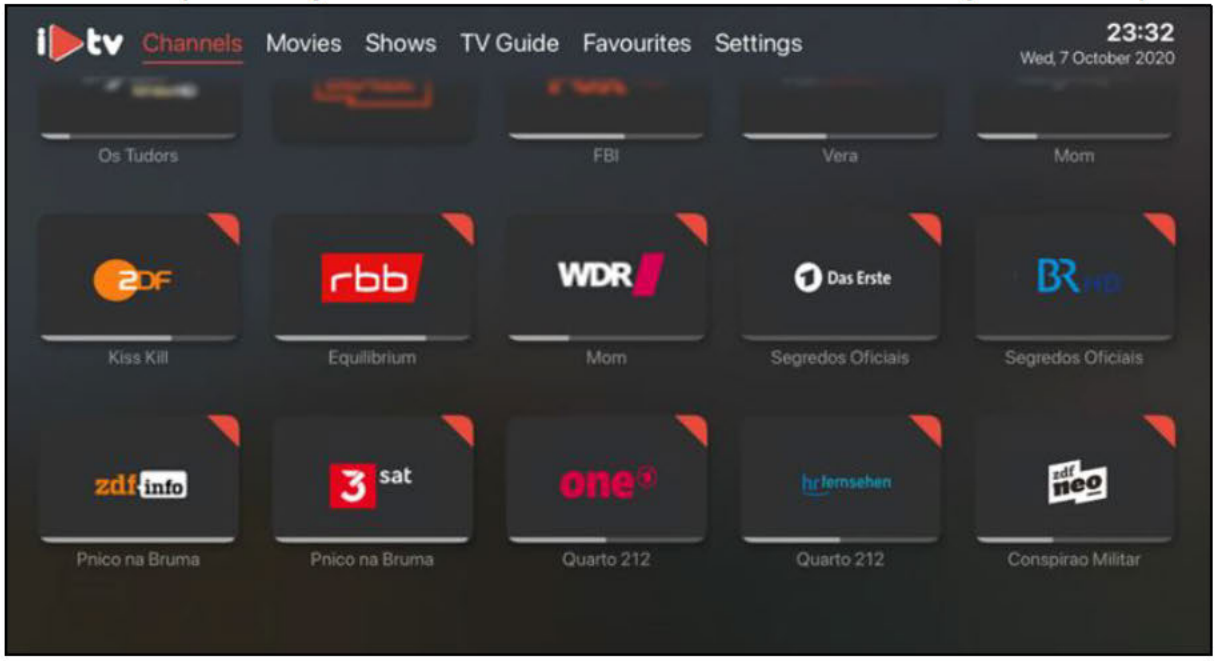


iPlayTV consists of the following sections:

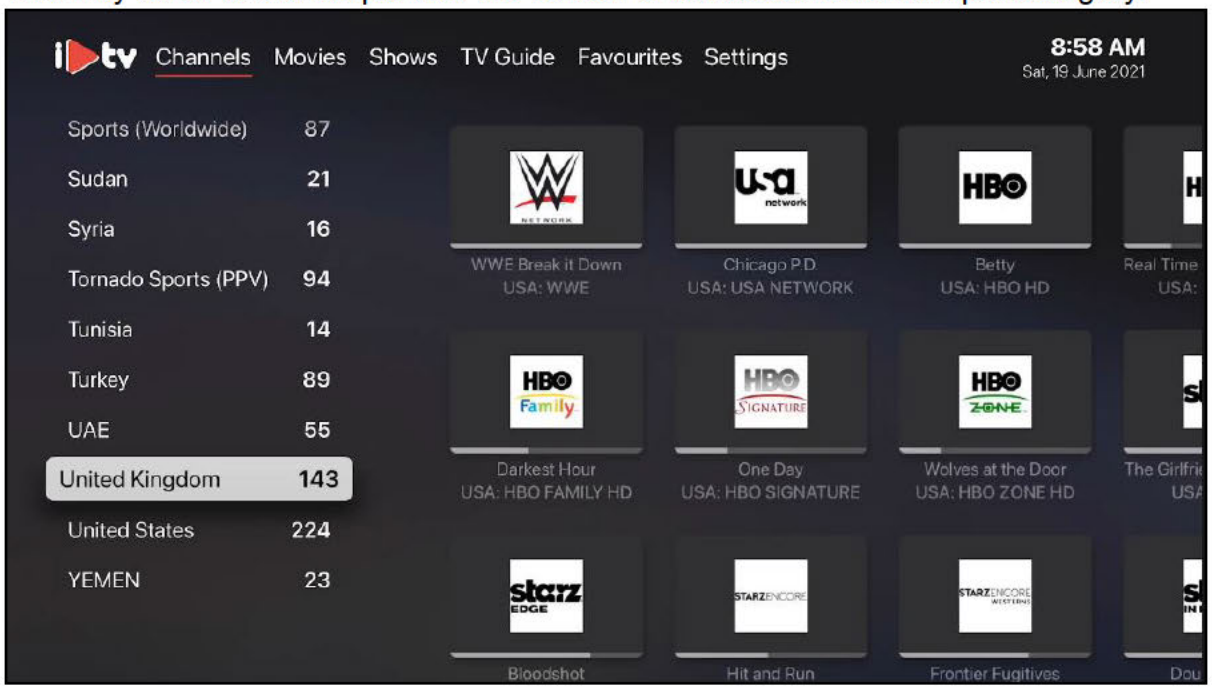
- Channels
- Movies
- Shows
- TV Guide
- Favourites
- Settings

3.1 Channels

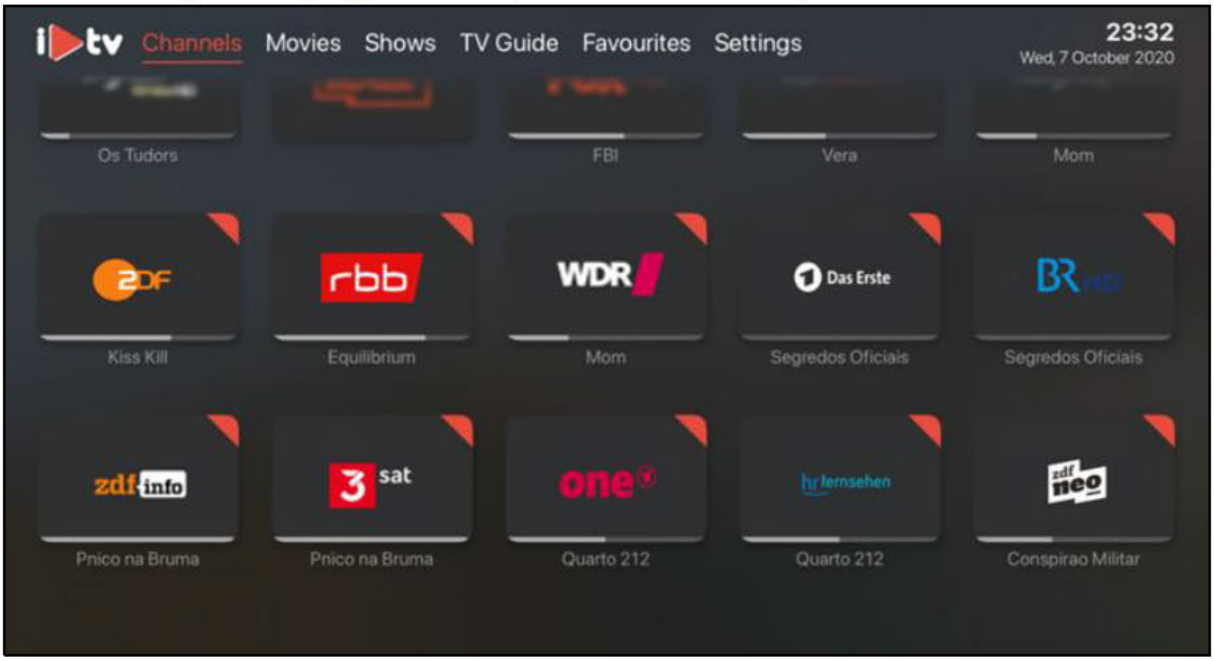
This section provides you with all the available channels included in your subscription.



You may scroll to the left pane of the screen to browse all channels per category.

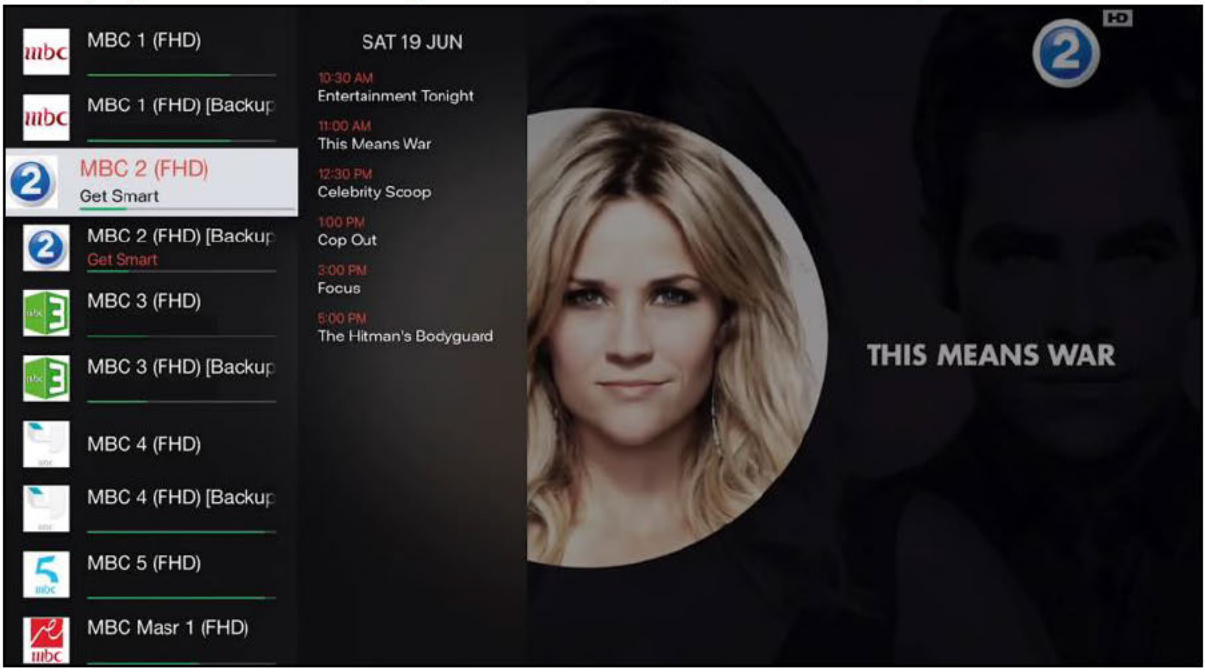


After selecting a category, select a specific channel that you would like to watch.

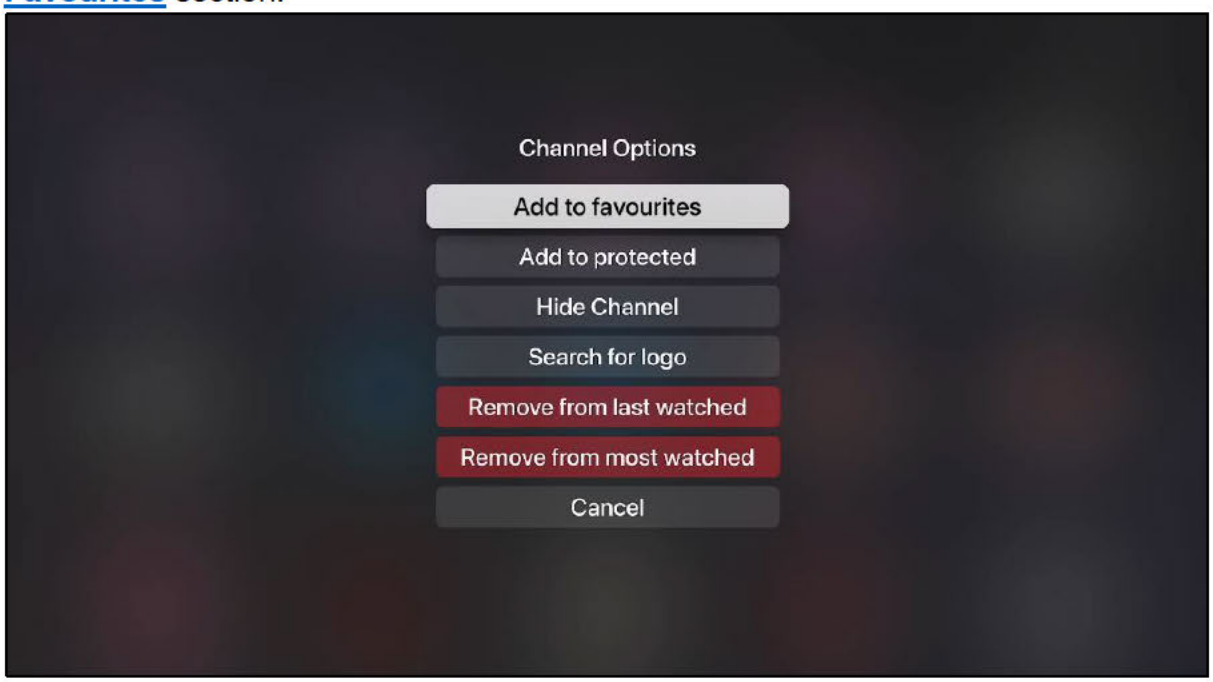


Example of a TV channel playing

To display the Electronic Program Guide (EPG), scroll to the left pane of the screen.

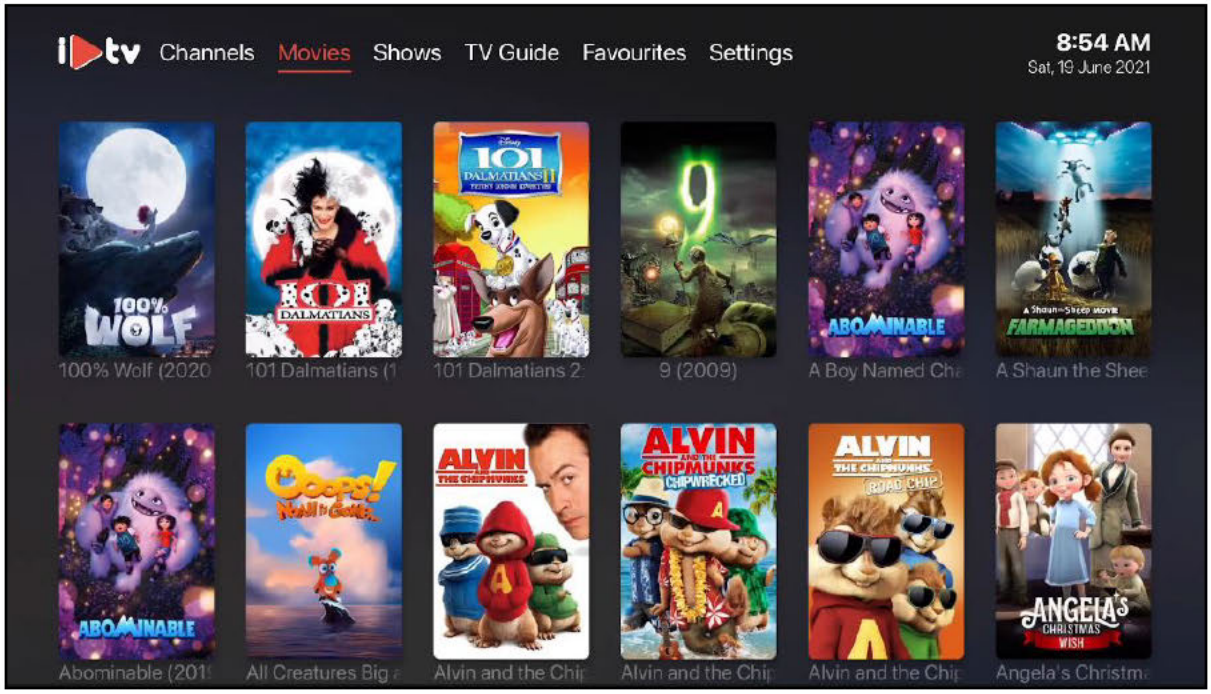


You can choose a channel that you would like to add to your favorites by selecting **Add to favourites** option. Channels that are added to favourites can be accessed in the Favourites section.

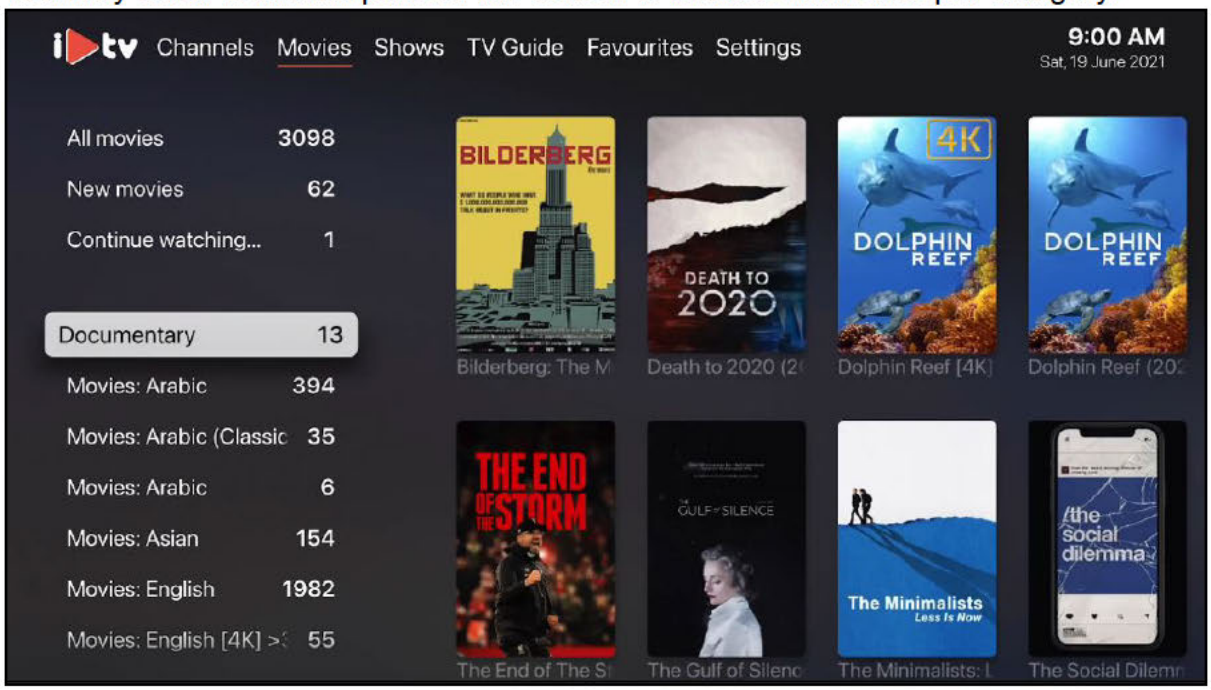


3.2 Movies

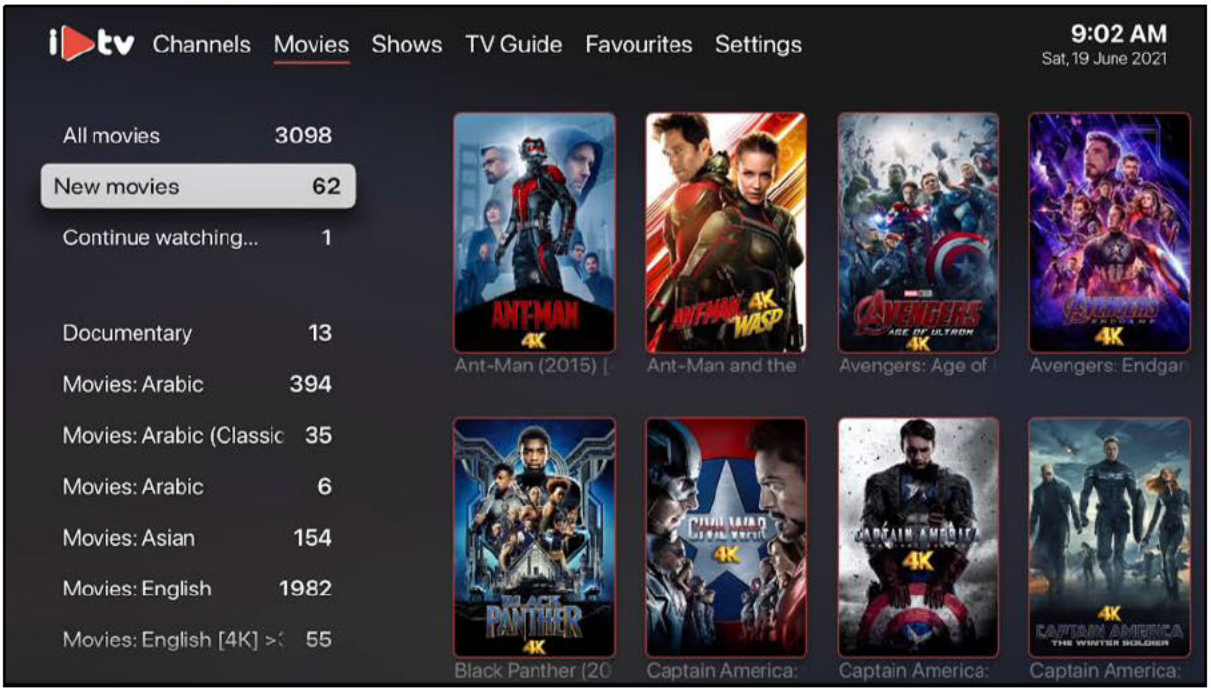
This section allows you to access all the available movies. Select a movie that you would like to watch.



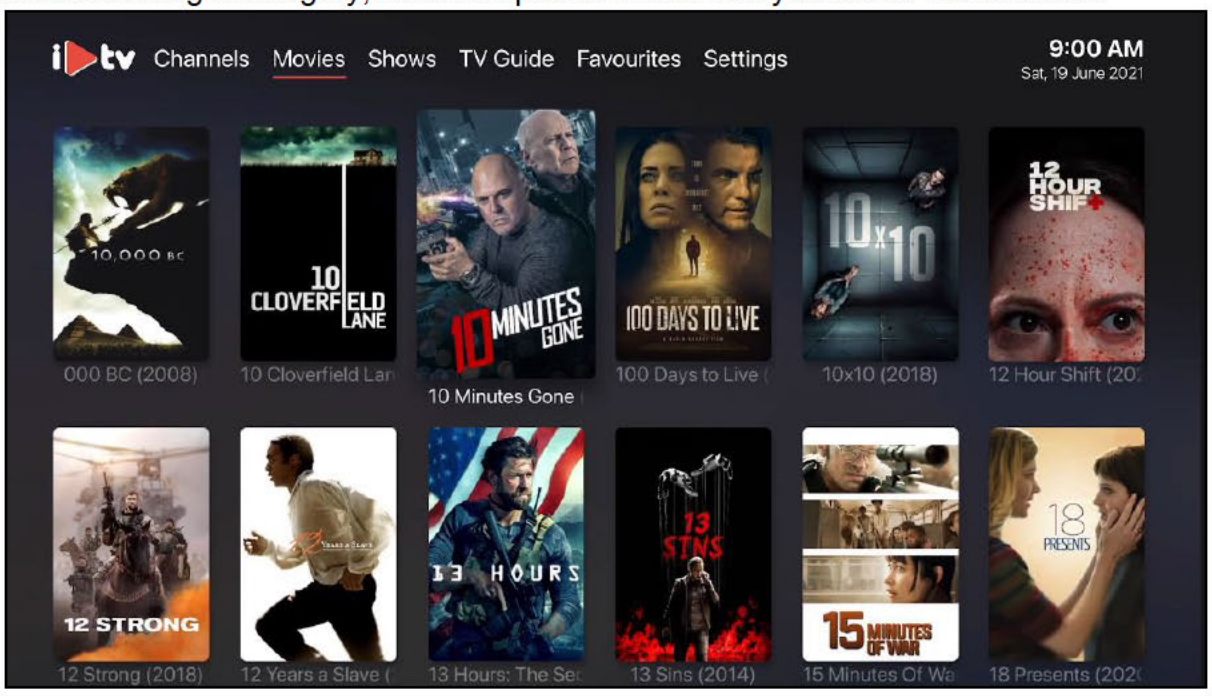
You may scroll to the left pane of the screen to browse all movies per category.



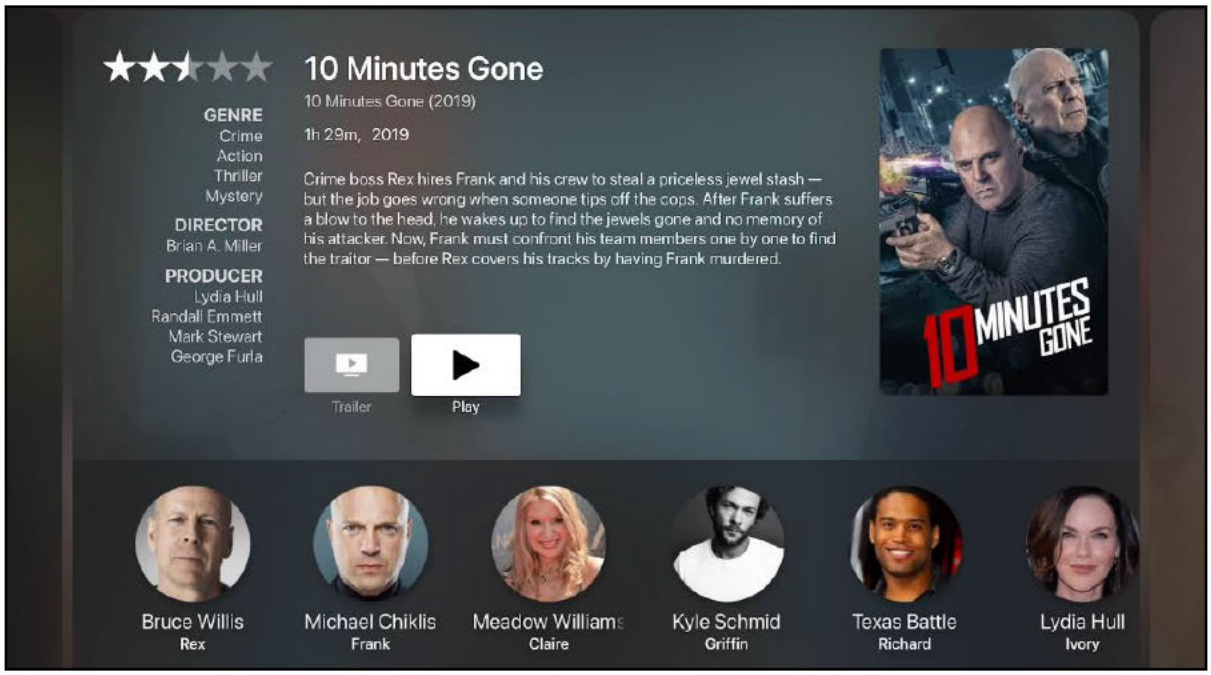
If you would like to check for new movies released, you may access them on the **New movies** category.



After selecting a category, select a specific movie that you would like to watch.



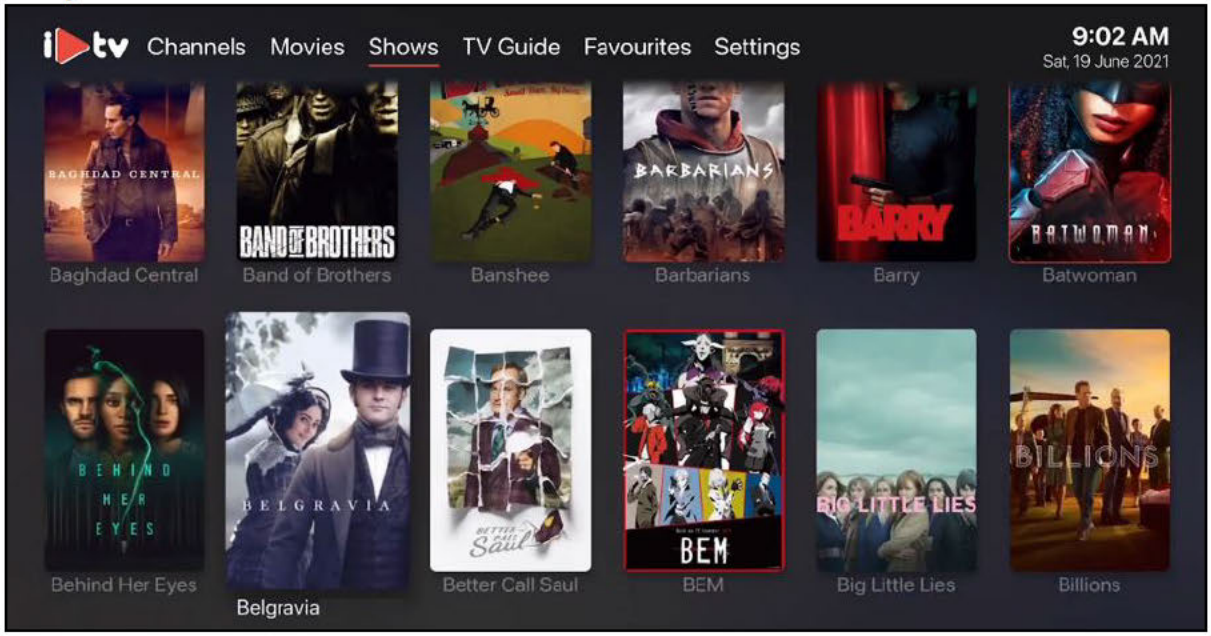
You may choose to watch the trailer first or you may click the **Play** button to watch the movie.



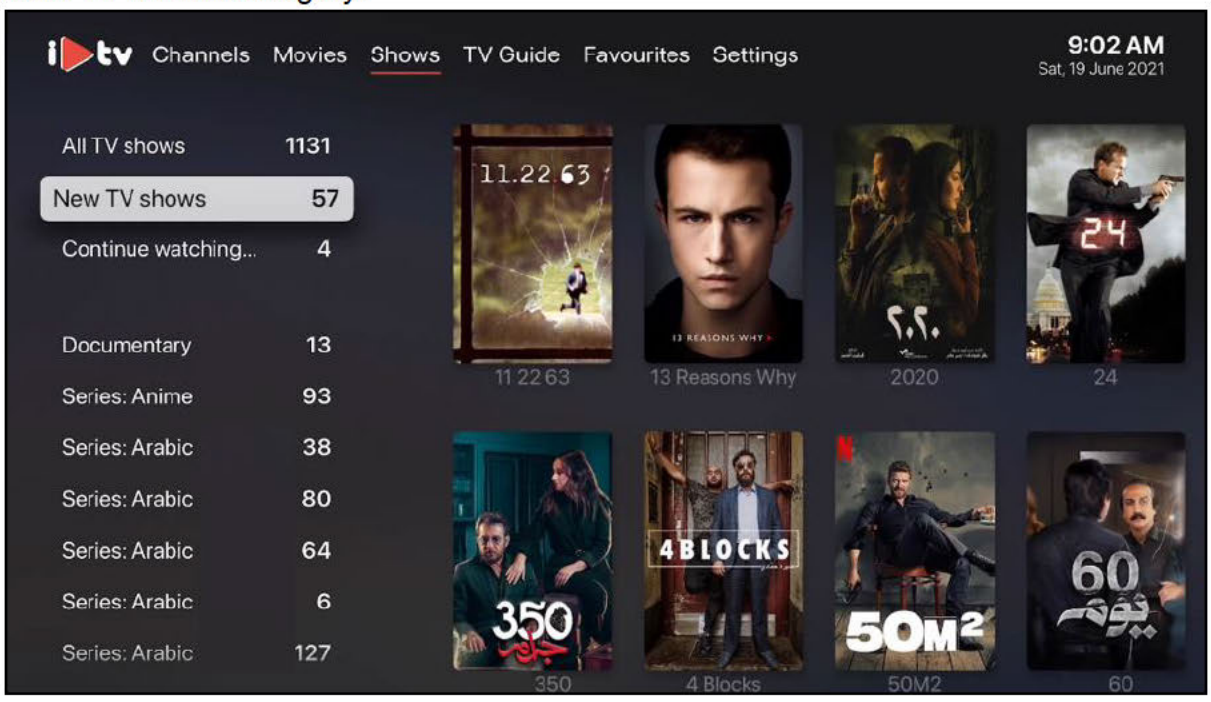
Example of a movie playing

3.3 Shows

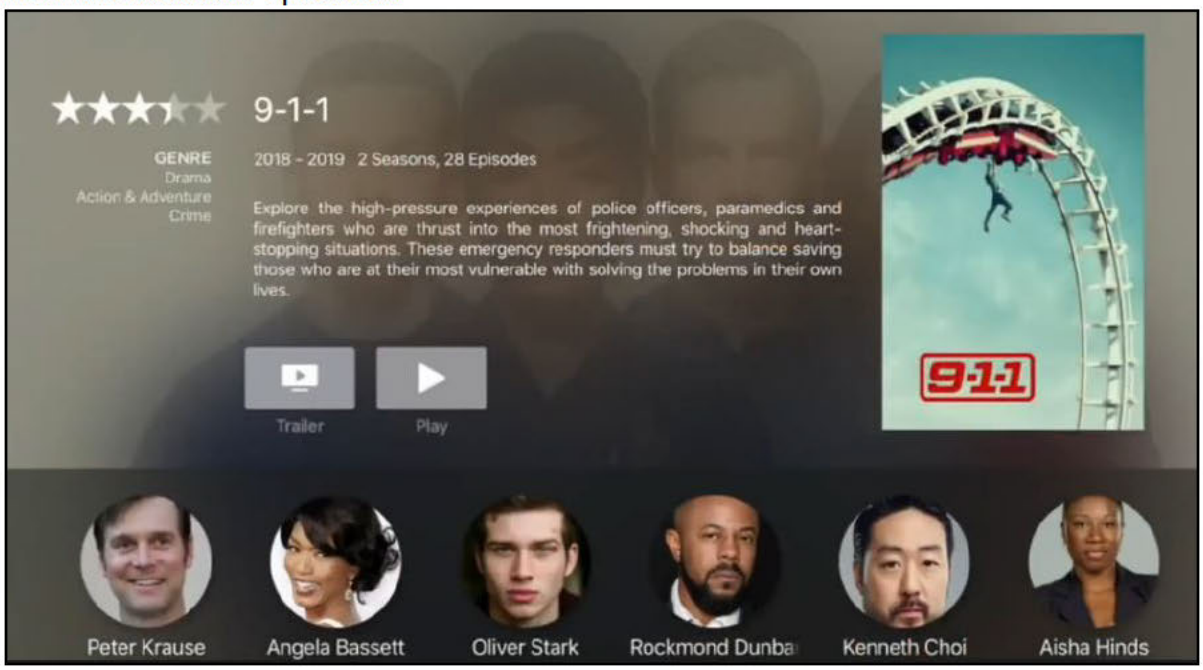
This section allows you to access all the available TV shows. Search a specific show that you would like to watch.



If you would like to check for new TV shows released, you may access them on the **New TV shows** category.



You may choose to watch the trailer first or you may click the **Play** button to select from the available episodes.



Choose from the available episodes of a TV show that you would like to watch.
